## ACNES

Our skin becomes a breeding ground for germs in monsoon. As much as we enjoy rains, the rain water harms our skin giving birth to several skin concerns.

Acnes by Rohto Pharma brings to us its Mentho-cool face wash which promises to remove 99% pimple-causing germs. The face wash is developed with Japanese technology which helps in removing germs by cooling down skin and making it oil-free. Its cooling agents control skin heat and give a soothing cooling effect. The face wash also has ingredients that absorb oil and give a non-greasy, smooth finish to face. If you're looking for the perfect companion for the weather to have healthy issue-free skin, indulge yourself in this refreshing face wash!
