WOMEN'S WATCH OF THE YEAR

▶ REXHEP REXHEPI CHRONOMETRE

The watch, named Rexhep Rexhepi after the brand's founder, is available in white or with a black grand feu enamel dial with eco-inspired asymmetrical gold or blue lines. The large meter of the sub-seconds counter at 6 o'clock is a tribute to the founder's watches of the 1940's. The watch is certified by the Swiss Chronometer Observatory and indicates the hours, minutes and seconds. The movement features a stop seconds zero-reset mechanism to allow a precise time setting. The watch has a click ratchet inspired by old pocket watch winding mechanisms. The watch, with a power reserve of 100 hours, is housed in a 38mm case and is waterproof to 30 meters.

COMPLICATION WATCH OF THE YEAR

▶ LAURENT FERRIER GALET ANNUAL CALENDAR SCHOOL PIECE

With its date and month fast-adjustment by simply turning the crown forward and backward, this new timepiece is extremely functional. The watch displays the days, the date and the month with both 30 and 31 days; the only adjustment required is once a year, on 1st March. The date is indicated by a central hand and the days of the week and the months in two beveled apertures. The days of the week are updated by pushing the button integrated on the left. All the other adjustments are made by pulling and turning the crown. Two gold (red and desert-sand yellow) and a steel edition will be available, with the dial in silver-toned or slate-grey. The power reserve is 80 hours.

CHRONOGRAPH WATCH OF THE YEAR

▶ SINGER TRACK1 HONG KONG EDITION

This watch comes in a lightweight black version with orange accents, encased in high performance ceramic aluminum crafted by electro-plasma oxidation. The case has scratch, wear and corrosion resistance. The crown and pushers are fashioned out of grade 5 titanium. Their surface is treated with black DLC coating. The chronograph hours, minutes and seconds are coaxially mounted in the center of the dial, and the time is presented in relief around the periphery of the dial. The 3x60 display (60 seconds, 60 minutes, 60 hours) is exclusive to Singer. It comes in a 43mm case, with a 60 hour power reserve, and is limited to 50 pieces.

GALET ANNUAL CALENDAR SCHOOL PIECE

WINNER OF MEN'S COMPLICATION PRIZE

Made entirely in-house, the watch features a very useful and handy complication. The movement combines a very convenient and user-friendly functionality with pure design. The focus is on optimal visibility as well as extremely smooth handling. Visual balance, readability and accurate performance are key features of the watch. The red gold case and the grey slate dial combine to exude their own visual charm as well.
